

電機資訊學院學程專屬實習網頁 (產學合作平台)

網址：<http://iac.ee.niu.edu.tw>

The screenshot shows a Microsoft Internet Explorer browser window displaying the website for the National Ilan University Department of Electrical Engineering's 'Vertical Integration Project' (VIP). The browser's address bar shows the URL <http://iac.ee.niu.edu.tw/index.php?m=1>. A warning message at the top indicates that the user is using a non-recommended browser (IE8, Firefox, or Google Chrome) and that the page may not display optimally. The main content area features a red header with the text '國立宜蘭大學 電機資訊學院 產學合作平台' and a logo for 'APPLE' with a green leaf. Below the header, there is a navigation menu with items like 'VIP 計畫', '平台公告', '成果展現', '成果統計', '相關辦法', '表單下載', '關於我們', and '相關連結'. The main content is divided into two columns. The left column contains the text '瀏覽人次：14315人' and 'VIP 計畫' with a list of links: '計畫摘要', '現況分析', and '計畫方案'. The right column contains two paragraphs of text describing the project's goals and objectives. The first paragraph states that the project is based on the department's existing eight major research courses, combining problem-oriented learning with vertical integration (Vertical Integrated) and cross-exchange training to achieve the goal of cultivating basic technical talent. The second paragraph mentions that the project selects eight major research courses from the department, including 'Power Electronics, Control Engineering, Communication, System-on-Chip Design, Computer Networks, RFID Basic Application Technology, Power Safety, Smart Living Technology and Application', and integrates them into the Vertical Integrated Project (VIP) to provide students with early cross-domain learning and research laboratory experience. At the bottom of the page, there is a footer with contact information and a copyright notice: '國立宜蘭大學電機工程學系 版權所有 © 2009 National Ilan University Department of Electrical Engineering.
